Libro Abierto

Libro Abierto es la colección de textos escolares orientada a impactar en la calidad de la educación dominicana. Para la elaboración de los contenidos de estos libros participaron las academias científicas, las instituciones educativas y las universidades nacionales. En estos centros se concentran los principales intelectuales del país cuyos talentos han sido puestos al servicio de la educación nacional.

La colección Libro Abierto tendrá dos presentaciones. Una impresa, integrada por dos series, y la otra digital. En la primera, se publicarán aquellos textos que se orientan al segundo ciclo del Nivel Inicial, los primeros tres grados de primaria y las áreas curriculares de primaria y secundaria: Ciencias Sociales, Lengua Española, Matemática y Ciencias de la Naturaleza.

En la presentación digital se publicarán los libros de texto de todas las áreas y los materiales que sirvieron de base para la educación a distancia durante la pandemia. Para ello, se dispone de una plataforma desde la cual, los estudiantes y docentes, podrán descargar dichos materiales y hacer uso de ellos libremente. Fortalecemos así la educación bajo la modalidad híbrida, impresa y digital.

Con esta colección Libro Abierto se impactará positivamente en la calidad de la educación y, además, los recursos disponibles en el presupuesto del MINERD se utilizarán de una manera más eficiente.

Estos libros constituyen un referente cualitativo en la historia de la educación dominicana y esperamos que los directores de centros, los docentes, los estudiantes y sus padres sean los críticos permanentes de los mismos y que sus opiniones ayuden a mejorarlos constantemente.

Tourist: You are very kind. I am looking for beaches that are good for swimming peacefully. I do not like huge waves. Can you tell me about places that are mainly for swimming?

Local: I understand what you are saying. I personally do not like beaches with big waves either. My suggestions would be for you to visit Cabarete and Playa Dorada. These beaches are pretty touristy, but they are spectacular.

Tourist: These beaches sound amazing. I will do my best to visit them. What about mountains in the Dominican Republic. What suggestions would you have for visiting breathtaking mountains?

Tourist: How exciting! I love hiking and visiting breathtaking mountains. What about lagoons? Are there any lagoons worth visiting?

Local: For sure! I personally love going to El Duda lagoon. The lagoon is surrounded by natural cliffs from which you can dive into the clear water. I hope you have time to visit all these amazing attractions.

My Travel Blog

Traveling is my passion! I am originally from Dajabón in the Dominican Republic, and I love traveling around my country. Most recently, I traveled to the Samaná region, and I absolutely loved it. There are amazingly beautiful places to visit in Samaná. I started my trip in the breathtaking beach of Cosón. People say that Julio Iglesias wrote the song “Agua dulce, agua salá” based on Cosón. Afterwards, I visited playa Bonita, which was spectacular because it does not have huge waves, and it is perfect for swimming. I also had time to go to playa Las Ballenas. This is a perfect spot for relaxing and spending time with family and friends. It was simply lovely. Finally, I made it to Portillo, a beach decorated with beautiful palm trees and amazing scenery. I fell in love with all these beaches in Samaná and most importantly loved the food and people from this region. If you have not been to Samaná, you must go!

Making a doctor's appointment

Keep in mind!

We use a structure called **Present Perfect** to talk about life experiences.
Example: *I have been to Nagua 2 times (in my life). She has never smoked (in her life).*

We make this structure using HAVE/HAS + verb in Past Participle

I have been to Nagua 2 times. ▪ She has never smoked.

For regular verbs, Past Participle is the same as Past Simple: ending in **-ED**.
For irregular verbs, Past Participle has different forms. Find a list at the end of the Unit.

Exercise #3

Write the Past Participle of each one of the verbs below. You can review the list at the end of the Unit.

Practicing Grammar!

Exercise #1

What activities did you do yesterday in the morning, during the afternoon, and at night?
Write 3-4 different ideas in Past Simple in each column.

in the MORNING 	in the AFTERNOON 	at NIGHT 

Exercise #2

Read the following story. Underline the actions that can be considered as interruptions.

Hello Diana! How are you? How was your weekend?

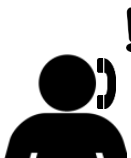

Hello Leo! It was good! Yesterday I had a little adventure...

At 7:00 pm I was watching TV with my mom, when the telephone rang. It was my grandmother!

Then, I was talking with my grandma, when we heard a big explosion!

We were entering the kitchen when we saw our cat "Snow". He popped a balloon from my birthday!

Talking about real and unreal events

Keep in mind!

We use verbs in **Past** when we narrate stories. A typical example is **Past Simple**, when we talk about actions that started and finished in the past.

Example: I celebrated my birthday yesterday. We ate chocolate cake.

It's common to combine Past Simple with **Past Continuous** when we narrate stories.

The action in Past Simple is an "interruption" of the action in Past Continuous.

Example: I was watching TV when the phone rang. • We were dancing when she went home.

Exercise #3

Order the following words to form correct sentences. The words before "WHEN" are separate from the words after "WHEN".

3. sister / eating / was / breakfast / My WHEN appeared / on / the / spider / table / a.

Exercise #4

Complete the following ideas with an action that happened in this moment (an "interruption").

2. My father was washing the dishes when _____.

3. They were finishing the construction of the hotel when _____.

CONSEJOS PARA CUIDAR TUS LIBROS

Los libros de textos deben de tener una larga vida. Si sigues estos consejos, los libros podrán ser usados por tus hermanas, hermanos y otros estudiantes el próximo año escolar. De esta forma cuidamos el medioambiente y el patrimonio público nacional. Con estas acciones demostramos ser responsables.

1

Forra los libros inmediatamente entregados

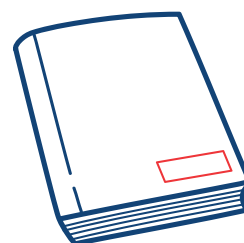

El forro no debe dañar el libro, usa forros con adhesivos.

2

Coloca una etiqueta con tu nombre en el forro

Nunca debes colocar la etiqueta de tu nombre pegada al libro. Así el estudiante siguiente lo encontrará como nuevo y podrá volver a usarlo.

3

Guarda los libros de texto una vez usados

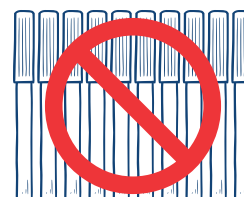

No los dejes abiertos en la mesa y evita comer o beber mientras estudias. Los líquidos son el peor enemigo de tus libros.

4

No subrayes con lapiceros o bolígrafos

Evita el uso del lapicero, al utilizar la borra se daña el papel y la tinta del texto. En caso de ser necesario usa lápiz HB o B.

5

Estudia haciendo resúmenes o esquemas

Utiliza tu cuaderno para hacer resúmenes, esquemas y todos los ejercicios que aparecen en los libros.

6

Evita introducir objetos dentro del libro

No marques las páginas introduciendo objetos en el libro. Si hay la necesidad de marcar, utiliza trozos de papel.

7

Organiza tus libros en la mochila

Organiza los libros y todos los materiales escolares en la mochila. Coloca la comida y los líquidos aparte.

8

En casa, reserva un espacio exclusivo para tus libros

Coloca tus libros de forma vertical con el lomo hacia afuera para que se vea el título. Así estarán siempre bien conservados.

9

Utiliza el libro con cuidado

Evita forzarlos apretando o doblando excesivamente por el medio, evita forzar la encuadernación en el lomo del libro.

10

Lleva un control de los libros que prestas

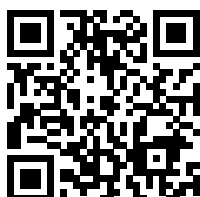

Cuando prestes un libro, debes tener control sobre el préstamo y la fecha de devolución de tu libro.

Himno Nacional de la República Dominicana

I

Quisqueyanos valientes, alcemos
Nuestro canto con viva emoción,
Y del mundo a la faz ostentemos
Nuestro invicto glorioso pendón.

II

¡Salve! el pueblo que, intrépido y fuerte,
A la guerra a morir se lanzó,
Cuando en bélico reto de muerte
Sus cadenas de esclavo rompió.

III

Ningún pueblo ser libre merece
Si es esclavo indolente y servil;
Si en su pecho la llama no crece
Que templó el heroísmo viril,

IV

Mas Quisqueya la indómita y brava
Siempre altiva la frente alzará;
Que si fuese mil veces esclava
Otras tantas ser libre sabrá.

V

Que si dolo y ardid la expusieron
De un intruso señor al desdén,
¡Las Carreras! ¡Beller!, campos fueron
Que cubiertos de gloria se ven.

VI

Que en la cima de heroico baluarte
De los libres el verbo encarnó,
Donde el genio de Sánchez y Duarte
A ser libre o morir enseñó.

VII

Y si pudo inconsulto caudillo
De esas glorias el brillo empañar,
De la guerra se vio en Capotillo
La bandera de fuego ondear.

VIII

Y el incendio que atónito deja
De Castilla al soberbio León,
De las playas gloriosas le aleja
Donde flota el cruzado pendón.

IX

Compatriotas, mostremos erguida
Nuestra frente, orgullosos de hoy más;
Que Quisqueya será destruida
Pero sierva de nuevo, ¡jamás!

X

Que es santuario de amor cada pecho
Do la patria se siente vivir;
Y es su escudo invencible: el derecho;
Y es su lema: ser libre o morir.

XI

¡Libertad! que aún se yergue serena
La Victoria en su carro triunfal,
Y el clarín de la guerra aún resuena
Pregonando su gloria inmortal.

XII

¡Libertad! Que los ecos se agiten
Mientras llenos de noble ansiedad
Nuestros campos de gloria repiten
¡LIBERTAD! ¡LIBERTAD! ¡LIBERTAD!.
